

Nedap Library Solutions and P.V. Supa join forces

Groenlo, the Netherlands – 27 November, 2018

Nedap Library Solutions and P.V. Supa are announcing a strategic alliance today. The first of January 2019 will mark the start of a closer and more structural partnership to serve the global library market. Nedap focuses on the hardware, P.V. Supa on the software. This alliance will strengthen both companies' innovation and product development capabilities.

Rob Schuurman, Nedap Library Solutions' Managing Director: "As a system integrator, P.V. Supa has developed expertise all over the world when it comes to state-of-the-art software specially designed for the library market. The combination with Nedap's hardware has already produced various successful solutions." Both companies' customers and partners will get direct access to an even wider range of products and services. "Joining forces will help us get the most out of the global market expertise and synergy. Both Nedap and P.V. Supa will be able to focus on developing new products and technologies for the libraries of the future," says Schuurman.
